Solorex : An Elegant And Inspiring Collection

Four finishes reproduce all the possible processes used on natural marble. The shiny Polished surface brings out the luminosity of the background. The Silk finish gives the room a velvety appearance accompanied by reduced light reflection. Matte lends itself best to interior design projects in commercial environments, while the refined Glossy finish of the wall tiles is perfect for environments with carefully studied surfaces.

INSPI- RATION

INSPIRATION: TRACING BACK TO ROMAN HISTORY

The intensity and warmth of a simple, yet artistically rich, material is captured to perfect effect in these new floor and wall solutions for high-impact, all-encompassing designs.

An accurate selection of fine marbles that Marvel World replicates to meet the aesthetic and practical needs of every interior design project: the marbles of classical tradition have always been the protagonists of architecture in warm and cool tones, Italian marbles recognized all over the world for their purity, original colors reinterpreted and proposed in a new perspective.
